Dear Sir/Madam

I have tried unsuccessfully contacting the main publishing houses in Auckland to find who imports Carroll & Graf into New Zealand. Can you help?

I shall be teaching a course next year at Auckland University on the assassination of President J.F. Kennedy and I am hoping to use as a text book a book written by Harold Weisberg titled **CASE OPEN**, published this year in paperback by Carroll & Graf.

I would be very grateful if you could tell me which publishing house in New Zealand would handle importing and distribution of **CASE OPEN**. Once the book was available in New Zealand I could also arrange to have it reviewed.

I look forward to hearing from you.

Yours faithfully

Dal McGuirk
